Carole,

I thought that if we would break up
it would be better. But I was wrong
(now I see). I am glad we are going
together. I hope we can get along better
in this time, I believe if we tried
hard enough we could get along.

I think you are a very cute boy
(also nice). I have enjoyed going
with you. I have had a wonderful
time going on dates with you.

Love always,

Joyce Ann

We, the EAGLE staff of 1960, have assembled this edition with the sincere desire that it will always be a source of pleasure in years to come as memories of past high school days unfold in this record of the 1959-60 school year.

A black and white photograph of the Taj Mahal in Agra, India. The central focus is the large, white, domed mausoleum, flanked by two tall, slender minarets. The architecture features intricate carvings and arched windows. In the foreground, a large, ornate globe sits on a dark, tiered pedestal. The globe shows a map of the world with latitude and longitude lines. Below the globe, a wide, paved path leads towards the building, with several people walking along it. The sky is clear and light-colored.
